Set up a new farm policy by providing that farmers be paid to limit the production of crops and livestock.	Gave jobs to more than 2 million young men in improving the environment, especially the National Parks.	Gave money to local and state relief organizations
Agency that insured bank deposits up to \$5,000 and helped combat the fear of bank failures.	Raised the minimum wage to 40 cents per hour and shortened the work week to forty hours. Last major legislation of the New Deal	Loaned money to sharecroppers and tenant farmers so they could purchase their own land.
Protected homeowners from eviction, reduced interest on loans, and proved for postponement of payments.	Guaranteed workers the right to join labor unions and call strikes.	Encouraged business owners and labor unions to cooperate in regulating prices, production, and wages.
Provided job training for young people and students.	Provided 4 billion dollars for the construction of highways and public buildings.	Agency created to regulate and reform financial practices, especially buying stock on credit.
Law that established a federal pension system for the elderly Americans by using money from payroll deductions and matching employer contributions.	Provided funding for the development of the Tennessee River Valley and taught farmers better farming techniques.	All New Deal relief programs were reorganized under this single federal agency in 1935. It employed workers on large construction projects and gave jobs to writers & artists.

Use the above pattern and cut two shapes—one with the pattern markings and one out of plain cardstock. Both forms should be of cardstock. Glue around the outer edge of the pattern and attach to the plain shape form. Cut a slit in the line section of the soup. This will make a pocket for the matching cards of the alphabets and their titles.
